

Do you stand out in a crowd?

Introducing two great value digital signs, ideal for restaurants and retail outlets

Remote Control
for IR 10013 or IR 5013
enables fast programming
of up to date information
with PIN number security.
The sign can also plug
into your PC for more
complex messaging.

IR 10013 Single Line Sign 1250mm long x 160mm high x 38mm deep
Viewable area 1215mm long x 120mm high

IR 5013 Single Line Sign 660mm long x 97mm high x 33mm deep
Viewable area 610mm long x 53mm high

Ideal for providing noticeable announcements in visually busy public areas. These digital signs allow the latest up to date information to be delivered to your clients. Special prices, menu changes or upcoming special events can all be displayed in bright moving lettering. Easily programmable using either the remote or a PC, these digital signs contain a wealth of programmable features. Utilising up to 8 colours, 24 display styles and 7 font sizes, your messages are sure to grab attention!
