

Portable scoreboards and timers

For all outdoor
Sporting advents

Scoreboards and timers are made to suit all sporting advents. These units are fully self contained with 240v power supplied through a battery and an inverter. Sets of numbers and team colours, as well as the clock are stored in the bins on the trailer when not in use or when being transported. The large storage bins give you ample space for all the items you may require on the day.

Trailer comes with:

Large LED clock
Hand held controller
4 sets of numbers 0-9
6 sets of team colour slides 8 colours
1 set of number to mark the quarters
Batteries , inverter, battery charger,
isolation switch and external 240Vac
weather proof power point
Trailer fitted with brakes
