*Merry Christmas and a Happy
New Year to all our clients and
suppliers*

The year seems to have gone so fast and Christmas is upon us once again! The staff at ClockMasters Australia wish to thank you for your support throughout 2012 and look forward to nurturing a good working relationship in 2013.

Keeping in with the Christmas spirit Clockmasters has become agents for Campa bells. Campa is an old family owned bell manufacturer in Belgium, Europe. We will be able to offer a range of bells to suit churches, schools and public areas. The bells can be used to replace damaged bells or install new bells. It is possible to connect the bell activator to a programmed controller allowing the bell /s to be used for time ringing or melodies for churches and wedding venues.

We will be able to offer digital bell systems with the Apollo programmer offering one or a range of bell melodies. This is ideal for venues where installing a bell is not an option.

2013 will see the launch of our new web site with more information and easier to use Contact Us page. Visit the new web site at www.clockmasters.com.au

**Clockmasters Australia will be closed from 24 December 2012 to
3 January 2013**

We are working towards emailing a regular 2 monthly one page newsletter. This newsletter will feature the latest products and information within the industry. If you do not wish to receive this newsletter please email us at clocks@clockmasters.com.au with your email address, name and any other details and we will remove you from our email list. Visit the Clockmasters website today at www.clockmasters.com.au for more information.
